

TRI-PARTY AGREEMENT

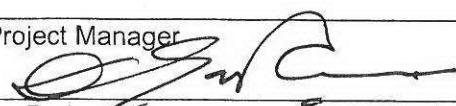

Change Notice Number TPA-CN- 497	TPA CHANGE NOTICE FORM	Date: January 25, 2012
Document Number, Title, and Revision: DOE/RL-2007-02-VOL I, <i>Supplemental Remedial Investigation/Feasibility Study Work Plan for the 200 Areas Central Plateau Operable Units Volume I: Work Plan and Appendices</i> , Rev 0		Date Document Last Issued: 11/09/2007
Originator: M. H. Doornbos		Phone: (509) 376-2980
Description of Change: Characterization of waste sites in the 200-DV-1 Operable Unit		
<u>B. L. Charboneau</u> and <u>D. Goswami, Washington State Department of Ecology</u> agree that the proposed change DOE Lead Regulatory Agency modifies an approved workplan/document and will be processed in accordance with the Tri-Party Agreement Action Plan, Section 9.0, <i>Documentation and Records</i> , and not Chapter 12.0, <i>Changes to the Agreement</i> .		
<p>Tri-Party Agreement change requests approved in October 2010 created the 200-DV-1 Operable Unit to investigate and evaluate waste sites with potential deep vadose zone contamination. In 2011, the waste sites in the new 200-DV-1 OU were the subject of a data quality objective (DQO) evaluation conducted by the Tri-Parties. The DQO evaluation reviewed the current state of knowledge for the 200-DV-1 OU sites and determined data needs on a waste site-by-waste site basis. Then, the sampling and analysis recommendations in the existing <i>Supplemental Remedial Investigation/Feasibility Study Work Plan for the 200 Areas Central Plateau Operable Units</i> (DOE/RL-2007-02, Rev. 0) were modified as needed to address the 200-DV-1 OU data needs. The agreements made during the 200-DV-1 OU DQO sessions were incorporated into DOE/RL-2011-104, Rev. 0, <i>Characterization Sampling and Analysis Plan for the 200-DV-1 Operable Unit</i>. The characterization activities described in this new SAP for the 200-DV-1 OU incorporate the characterization activities previously included for these waste sites in DOE/RL-2007-02-VOL I, <i>Supplemental Remedial Investigation/Feasibility Study Work Plan for the 200 Areas Central Plateau Operable Units Volume I: Work Plan and Appendices</i>; DOE/RL-2007-02-VOLII-ADD3, <i>Site-Specific Field-Sampling Plans for the 216-B-42 Trench, 216-S-13 Crib, 216-S-21 Crib, 216-T-18 Crib and 216-T-19 Crib and Tile Field in the 200-TW-1/200-PW-5 Operable Units</i>, and DOE/RL-2007-02-VOL II-ADD 4, <i>Site-Specific Field-Sampling Plans for the 216-B-7A&B Crib, 216-B-8 Crib and Tile Field, 216-T-3 Injection/Reverse Well, 216-T-5 Trench, 216-T-6 Cribs, 216-T-7 Crib and Tile Field, 216-T-15 Trench, and 216-T-32 Crib in the 200-TW-2 Operable Unit: Addendum 4</i>. DOE/RL-2007-02-VOL I, DOE/RL-2007-02-VOLII-ADD3 and DOE/RL-2007-02-VOL II-ADD 4 will be retained for reference.</p>		
A table is attached that lists the 200-DV-1 OU waste sites included in DOE/RL-2011-104 and provides the reference to the applicable addendum of DOE/RL-2007-02.		
Note: All pages in DOE/RL-2007-02-VOLII-ADD3 and in DOE/RL-2007-02-VOL II-ADD 4 will be retained for reference, but characterization activities described in these two documents will be implemented through DOE/RL-2011-104. All pages in DOE/RL-2007-02-VOL I will be retained for reference, but characterization activities, schedules, and DQO evaluations that pertain to waste sites now in the 200-DV-1 OU (see Table 1, attached) will be implemented through DOE/RL-2011-104.		
Justification and Impacts of Change: The previous characterization activities included in DOE/RL-2007-02-VOL I, DOE/RL-2007-02-VOLII-ADD3, and DOE/RL-2007-02-VOL II-ADD4 will be implemented by the characterization activities included in DOE/RL-2011-104. The work plan and subsequent decision process documents for the 200-DV-1 OU will reflect the activities described in DOE/RL-2011-104.		
Approvals:		
DOE Project Manager 	Date 2-6-2012	<input checked="" type="checkbox"/> Approved <input type="checkbox"/> Disapproved
EPA Project Manager 	Date 2/8/12	<input type="checkbox"/> Approved <input checked="" type="checkbox"/> Disapproved
Ecology Project Manager 	Date 2/8/12	<input checked="" type="checkbox"/> Approved <input type="checkbox"/> Disapproved
